## **Profile**

Detail-oriented Web Developer with strong skills in JavaScript, React.js, Tailwind CSS, and SQL. Proven ability to convert UI/UX designs into functional, responsive interfaces. Eager to contribute to dynamic teams and projects with a focus on clean code, accessibility, and mobile-first design. Seeking an entry-level software engineering role in a tech-driven company.

## **Skills**

JavaScript | React.js | TailwindCSS | Bootstrap | HTML | CSS | Node.js | Express.js | PostgreSQL | SQL | APIs

## **Experience**

### **Web Developer**

Prodigiwave, Noida

*Jan 2024 – Present*

- Translated Figma and Framer designs into responsive, pixel-perfect UIs using React and Tailwind CSS
- Built dynamic navbar with route-based highlighting, animated mobile menu, and auto-close behavior
- Developed custom 404 page and floating-label contact form integrated with Web3Forms
- Designed a modular, mobile-first footer with contact info, navigation links, and animated social icons
- Ensured consistent branding, accessibility, and responsiveness across devices

## **Education**

### **MCA**

Khwaja Moinuddin Chishti Language University, Lucknow

*Sep 2022 – Sep 2024*

### **BCA**

Chaudhary Charan Singh University, Ghaziabad

*Aug 2019 – Aug 2022*

## Courses
